## ENTIRE TURKISH ARMY CAPTURED BY BRITISH

Apparently Preparing for Another Offensive in Flanders.

French Repel Vicious German Attacks in Verdun Sector.

Sweeping Italian Successes Attract Wider Interest to Cadorna Offensive.

By Associated Press Dispatch.

While the fighting front in Flanders apparently is witnessing the preparation for another offensive stroke by the British, which the Germans are trying to anticipate by counter attacks and retaliatory fire, the German Crown Prince's army is again trying to harass the front in the Verdun region.

Attacks by the Germans were delivered east and west of the Meuse in the Verdun sector where the artillery fire has been intense for several days past. The blows were repulsed by the French defenders.

After three futile attempts yesterday to drive the British back from the high ground on both sides of the Ypres-Menin road in Flanders, the Germans contented themselves with keeping up a heavy artillery fire all night.

News from the Italian front is gaining added interest with evidence at hand that General Cadorna is pushing out again east of the Isonzo.

The capture of more than 1400 prisoners in Saturday's thrust indicates the force of the Italian blow which there is every indication will be followed as the new ground has been firmly held against all reaction.

Interest also attaches to the Mesopotamian war theater from which the news of a brilliant British victory was received.

Several thousand prisoners are in the British hands as result of a sudden thrust which resulted in surrender of the entire Turkish army in the emale region northwest of Bagdad.

## BIG DRIVE LAUNCHED AT NOON

Second Liberty Loan Campaign Will Last Four Weeks.

Nation Aroused to Make Campaign a Sweeping Success.

By Associated Press Dispatch.

Washington, October 1.—The big drive for the second issue of Liberty Loan Bonds began at noon today throughout the country with a multitude of activities that will last four weeks.

The campaign is planned to raise at least three billion dollars in subscriptions, and treasury officials have set the "amount expected" at \$5,000,000,000, or half again as large as the first offering. The second offering is the largest the people of the United States have ever been called upon to absorb.

Secretary McAdoo formally opened the campaign with a speech in Cleveland the first of many he will deliver on his tour of the United States to stimulate interest in the sale of the bonds.

Clubs, Chambers of Commerce, commercial organizations, schools, patriotic societies and like organizations have been enlisted in the great army of workers for the loan, and all over the country the publicity machine set up by the treasury department is busy.

Newspapers, hand bills and posters will advertise the bonds and speakers on the platform and stage will assist in the great drive.

Postmaster General Burleson has ordered that between October 11th and 27th all postage stamps be cancelled with a stamp bearing the legend: "Back the boys in the trenches. Buy a Liberty Bond. Inquire at any bank or postoffice."

## CLEVELAND ALIVE WITH PATRIOTISM

Secretary McAdoo Officially Opens Campaign.

By Associated Press Dispatch.

Cleveland, O., October 1.—Secretary of the Treasury Wm. McAdoo officially opened the second Liberty Loan campaign here this morning. Mr. McAdoo and a party of six arrived here early today to make the first speech on the western trip to boost the loan.

Thousands of factory whistles and church bells signalled the campaign's opening by whistling and ringing from 9:50 a. m. to 10:00 a. m.

An outdoor mass meeting in the public square opened the campaign.

Mayor Harry L. Davis introduced Secretary McAdoo who appealed to every man and woman who resides upon the soil of free America to join the league of patriots by purchasing a Liberty Bond.

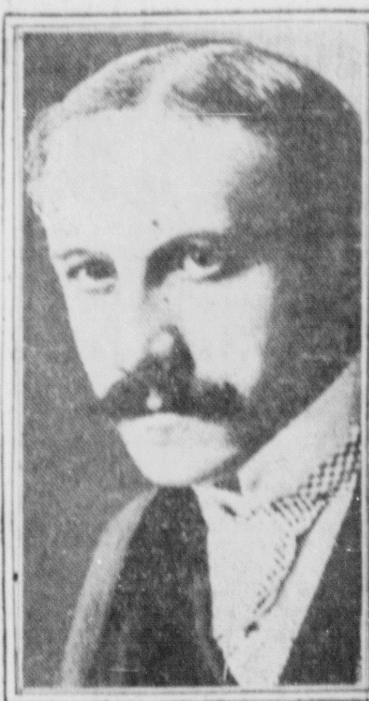

He urged the people to beat the record made last spring.

Mr. McAdoo made a second address to workers at 11:00 a. m., and at noon attended a business men's luncheon at the chamber of commerce where he spoke. The Secretary and party will leave for Toledo at 5:00 p. m.

Mayor Davis announced the Fourth Federal District's quota set by the Central Liberty Loan Commission, as follows:

## MORAL ISOLATION IS TELLING UPON THE GERMANS, HE SAYS

LORD MILNER.

Moral isolation from the rest of the civilized world is beginning to tell upon the German people, according to Lord Milner, Minister without portfolio in the British War Cabinet. Lord Milner in a speech in London before the American Luncheon Club asserted that such moral isolation is no light matter for a people which have taken so large a part in human intercourse and advancement as have the Germans. "There are signs," said Milner, "that this aspect of being outside the pale of the civilized community is beginning to weigh upon the spirits of the German people. That is why a new party has been called in to being in Germany to revive anew the waning spirit and preach anew the doctrine that might is right."

## AFTER ROAD HOG WHO WRECKED CAR INJURING WOMAN

Grant Rankin Automobile Wrecked and Mrs. Rankin Sustains Fractured Arm—Mrs. Lincoln Allen Also Injured.

Considerable indignation has resulted from an occurrence on the Jamestown pike, Sunday morning, when a huge touring car, said to have been from Dayton, deliberately struck a touring car driven by Grant Rankin, and after repeatedly hitting the car, hurled it into the ditch, seriously injuring Mrs. Rankin and badly bruising other occupants of the car.

Mr. Rankin, who resides at Octa-

was driving about 20 miles an hour, according to his statement, when the big car came up from behind and struck his machine. Not content with ramming the Rankin machine, which is said to have given ample road for the other machine to pass, the driver of the big automobile again rammed the Rankin car and drove it into the ditch, badly wrecking it and injuring the occupants. Not stopping to assist in undoing the rascality committed, the big car, filled with men, plunged on down the road toward this city, passing other machines and literally forcing them off of the road.

Mrs. Rankin sustained a fractured arm, and Mrs. Lincoln Allen was very painfully injured. Other occupants of the car, including Mr. Allen, Mr. Rankin and two or three children suffered severely. The car was very badly damaged. Mrs. Rankin and Mrs. Allen were taken to the Fayette Hospital for attention.

Every effort is being made to locate the machine which did the work, and it is believed that this will be done within a day or two. If so, every effort will be made to have the driver fined the limit and compel him to pay damages resulting to the Rankin car and to the occupants.

Everywhere in the county corn cutting is now on in earnest, and rapid headway is being made in the face of a shortage of corn cutters, although the situation could be much worse, as a great many corn cutters have come into the county during the past few days and went to work immediately.

## ONCE MORE XENIA IS DEFEATED BY WASHINGTON HI

This Time Knights of the Gridiron Flay Xenia to the Tune of 14 to 6 in Game Full of Excitement—Circleville Next Saturday.

If over confidence worked against the Washington High football boys when they clashed with Xenia High at Xenia, Saturday afternoon, it also did not do a thing to the Xenia bunch who had worked like Trojans every hour since their bitter defeat in this city one-week before, and then were compelled to take the small end of the score in the Saturday game, which resulted in a 14 to 6 score.

The game was fast and full of excitement from the start.

R. Willis and Lewis starred throughout contest, while Owens and Riddell were the prime factors on the Xenia side of the line.

About 150 persons witnessed the game, a number of rooters from Washington being included in the number.

The only casualty sustained by the Washington team was a severely sprained ankle, suffered by half-back Boots.

The line-ups:

Washington—Lewis, le. H. Burnett, lt; Markley, lg; Weaver, c; Hains, rg; Reno, rt; Edwards, re; J. Burnett lbh; Boots, rhh; R. Willis, fb; W. Willis, qb.

Xenia—Snodgrass, le; Hurley, lt; M. Tullis, lg; Vannorsdall, c; Eavey, rg; Riddell, rt; Kierman, re; Owens, lbh; H. Tullis, rhh; Currie, fb; Stephens, qb.

Substitutes, W. H. S.—Edwards for Boots; Rief for Edwards; Rogers for W. Willis; W. Willis for Edwards; Moore for Haines; Haines for Reno; Edwards for Rief; Xenia—Hartsack for Hurley; Hurley for M. Tullis; Eyley for Kierman; Kierman for Eyley; Eyley for H. Tullis.

Touchdowns, W. H. S.—Markley, Lewis, Xenia—Owens.

Goals from touchdowns—R. Willis.

Referees—Confar and Parker.

Head linesman—Walker.

Timekeepers—Vannorsdall and DeWees.

Time of quarters 13 minutes.

Next Saturday Washington plays Circleville at Circleville, and it is expected that the third scalp of the season will be dangling at Washington's belt upon return to this city.

In connection with the game at Xenia, Saturday afternoon, the following excerpt from Friday's Xenia Gazette, predicted an overwhelming defeat for Washington, is of interest.

"Dire misfortune awaits Washington C. H. High School foot ball team in the coming clash with the local gridiron warriors. In the game which will be staged in Roberts field Saturday afternoon at 2:30, the local past-timers, according to advance predictions will squelch the visitors and bury them under an avalanche of points. In other words the reports which sift out from the camp of the local are all to the effect of victory."

## HAD WRONG TAG DRAWS \$25 FINE

Because he had been using a Ford automobile bearing a number belonging to another car, Lynn Straley, who operates a garage at Jeffersonville, was summoned before Mayor Oster, Monday morning, to answer to an affidavit filed by Chief Moore.

The affidavit grew out of a collision at the intersection of Court and Main streets, Sunday evening, while the Straley car was being driven by some colored people.

Straley admitted his guilt, and was fined \$25 and the costs, the minimum provided by law.

Mr. Straley stated that he had numbers for the car, but had never placed them on the car. He also admitted having used the car about Jeffersonville with the old numbers upon it.

## TIRE TROUBLES DELAY MOTORISTS

Tire trouble and nearly every other kind of trouble marked the main thoroughfares to Chillicothe, Sunday, and it is estimated that the number of machines passing through Fayette county on the way to and from Chillicothe was fully 3000, of all makes and from all points in western and northwestern Ohio.

At one time eight machines were in the ditch between this city and Frankfort, and it was a very common sight to see a car stopped along the road while tire troubles were being repaired.

As early as four o'clock Sunday morning the stream of cars started to pour through the city, and the various garages had numerous calls throughout the day.

## MARSHALL HOME SADDENED BY DEATH

The summons of the death angel came to Mrs. Sarah L. Marshall, widow of Mr. J. R. Marshall, Sunday evening at nine o'clock, bringing overwhelming sorrow to the bereaved children and saddening every one who had known this gentle woman.

Mrs. Marshall was 73 years of age and although she had not been well his summer, her critical illness, due to bronchitis, followed by complications had been of short duration. Only since last Tuesday had she been seriously ill and her death comes as a decided shock to the community with which she has been identified for so many years. Her early home was in New York state.

Mrs. Marshall was beyond all else a home woman and only those of the same circle fully realized her wonderful, full Christian character and beautiful, unselfish life.

But her interests extended to all her friends and neighbors within her reach and her warm sympathies and aid never failed in time of need.

Great sympathy goes out to the three children, Miss Nellie, at home, Mrs. Fred Wilson, of South Solon and Mr. Maurice Marshall, of Pittsburgh, all of whom were with their mother during her last illness.

Dr. Fred Wilson and daughter, Margaret, the idolized only grandchild, reached the home Sunday morning.

Funeral services will be held at the home Wednesday afternoon at 2:30. The burial will be made in the family lot of the Washington cemetery.

A few minutes later a new flag had been flung to the breeze over the engine house.

## READY FOR HIS DAY'S WORK IN MORNINGS NOW

Cincinnati Man Doesn't Get Up Feeling Tired Out Any More Since He Gave Tanlac a Trial.

Many people don't feel right in morning. They're tired out and feel half sick. This shows that the system is out of order.

Re E. Jenny, in charge of the printing department at the Stewart & Kidd Co., 121 Government Square Cincinnati, used to be that way. He says he used to feel "shot to pieces" when he would get up. But Tanlac he says, has put him back in shape and he gets up now with a good appetite and ready for work.

"My work used to tire me out pretty easily and any extra exertion would make me feel weak and exhausted," Mr. Jenny said. "I felt nervous a great deal of the time."

"My stomach was in bad shape, too, and the food I ate didn't agree with me."

"I decided to try Tanlac after talking to a man from Batavia, O. He told me all about it."

"Since taking Tanlac I get sound, restful sleep every night and wake up in mornings with a good appetite and ready for the day's work. The truth is that Tanlac has made me feel better in every way and I'm ready to recommend it to anyone who needs a good tonic and builder."

Don't let your system get run down. Weakness is dangerous. If you are not feeling right get Tanlac today at Blackmer & Tanquary's drug store, Frank Christopher's drug store or C. S. Haver's drug store.

## The Campaign Is On

The second liberty loan campaign is on throughout the country.

Americans, bankers, business men, professional men, farmers, fraternal organizations, mechanics and men from every vocation in life—have organized to push the campaign to a glorious conclusion just as they did the first campaign, so that the world may not have any doubt that America's heart is in the struggle for freedom.

No one of us should misunderstand the purpose of these campaign organizations for the purpose of furthering the cause of the government which is the cause of democracy now throughout the world.

The struggle is, in a great measure, up to America. We must not only furnish more than a million men. We must arm those men, we must cloth them and feed them and house them. We must give them every necessary of life. We must look after their physical welfare. They are our boys every one of them. They are our own sons and our neighbor's sons whom we have watched from the cradle to manhood's estate. It is for them and to them that we loan our dollars on absolutely safe security at good interest. That isn't much to do for them is it? Of our unequaled plenty we should loan liberally to such a cause.

These men who will call and see you deserve your thanks—welcome them. They are giving of their time and their talents in order that you, upon whom they call, may have the opportunity to loan your money to the boys because if we don't loan to the boys and sustain the boys at the front we won't have much to loan after while.

This isn't any body else's business. It's our business—each one of us.

## Go-to-church Day

During the last score of years busy men have been drifting away from the church and its teachings. Not with any feeling of hostility or antagonism but more because Sunday found them tired out with the burdens and cares of the week, when the impulse to take it easy and rest—to make of Sunday a day off—people have been drifting away from the great church and teachings of brotherly love.

We have been going pell mell after material things forgetting the soul and the higher and better things of life—we have been devoting all our time to getting hold of all the material prosperity possible, driving from morning until night every day in the week and using Sunday to get ready for the next week's work.

It won't do. Our experiences of the last three years have taught us that we must get back to the old moorings; that there is a duty we owe to the best that is in us; to that something which is beyond this world we live in now.

We must keep in touch with the teachings of the church—we can't rely on ourselves alone or we get selfish and grasping and quarrelsome.

The "Go to Church" movement is a good one and it should not stop with one rally day. Every Sunday should be rally day until we all get back.

The world would be more generous, more tolerant, and far happier in every way if the world would "Go to Church."

## Warning of the Storm

The great tropical hurricane, one of those great monsters which nature creates way out in the ocean vastness and starts, for some great purpose toward the distant shore on a mission of destruction, gaining in force as it travels, entered the United States Friday at the mouth of the Mississippi river.

The weather bureau, however, had sighted the monster far out at sea and "taken its measure" knew in advance of the storm's coming just how rapidly it was traveling and in what general direction. Warnings were issued and when the hurricane arrived it found the shores cleared for action.

Ships at sea and in harbors were warned, residents of the coast towns and cities knew when to expect the storm.

Ocean vessels stood out to the open sea and vessels in port were made secure, frail buildings were strengthened, people, in dangerous places moved out.

The result was comparatively little damage. The storm passed inland decreasing in severity with each mile traveled. Not so many years ago the hurricane would have left a wide trail of death and destruction in its wake. It would have struck our shores without warning.

Science has made that warning possible. By the use of the most delicate and exact instruments air currents are gaged to exactness; by wireless the facts as to just what the elements are doing way out in the ocean are flashed to shore.

Science has made much for the destruction of life and property—has brought into existence those deadly engines of warfare but that same science—we call it that—the possibilities of the human mind, warns of the storm's approach and in its mercy removes the helpless from the path.

## Poetry For Today

### AUTUMN BY THE SEA.

We'll hear the uncompanied murmur of the swell,  
 And touch the driftwood, delicately gray,  
 And with our quickened senses smell  
 The sea flowers all the day!

We'll count the white gulls pasturing  
 on meadows brown,  
 And gaze into the arches of the blue,  
 Till evening's ice comes stealing down  
 from those far fields of dew.

Now slow the crimson sun god  
 swathes his eye, and sails  
 To sleep in his innumerable cloak;  
 And gentle heat's gold pathway falls  
 In autumn's opal smoke!  
 Then long we'll watch the journey of  
 the soft half moon—  
 A gold-bright moth slow spinning  
 up the sky,  
 And know the dark flight—all too  
 soon—  
 Of land birds passing by.  
 —John Galsworthy.

GET HIM OUT OF YOUR PATH

As soon as anyone becomes indifferent and a pessimist he is through. If a man at forty can keep the enthusiasm he had at twenty, there is no reason in the world why he couldn't become a millionaire, if he wants to. Every successful man in the world has the knack of holding on to that one thing, Enthusiasm. Without it they are lost. Boot old indifference out of your path and you'll find the climbing easier.

At the Liberty Loan meeting held in the Probate Judge's office, Monday afternoon, and attended by a group of representative business men and citizens, deep interest was manifested in the proceedings, and everyone took hold with a will, backed by the determination to make the subscription to the second Liberty Loan greater than those to the first loan.

Mr. Seufferice, of Cincinnati, who is to remain in Fayette county until the campaign is closed, was present, and Chairman C. P. Ballard, of the Fayette County Liberty Loan Committee, presided.

Meanwhile the campaign for the Second Liberty Loan bonds is now under way, and it is up to all patriotic citizens to help win the war by investing in Liberty Loan bonds, which bear interest at four per cent, and which are for the purpose of financing the war.

## A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition, 10c and 25c per box. All druggists.

## "LOADED UP" WILMINGTON WINS FINAL

After Their Decisive Defeat Here Two Weeks Ago.

Clintons Import From Big Leagues Practically Whole Line-up.

By a score of six to nothing the Wilmington Clintons won the final game of the big series Sunday afternoon on the Wilmington grounds, but to "turn the trick" they were compelled to load up with a collection of big leaguers and minor league stars. The Athletics journeyed to Wilmington with the same line-up which defeated the regular Clinton's fourteen to nothing two weeks ago.

Sunday's game was hardly a regular game as the Clintons contained only a sprinkling of their regular team. If games are to be played in the future some effort should be made to guard against either team loading up with outside talent for the final games.

The Washington team has no excuses to offer. The players were up against the class of base ball and fought a splendid battle—much better one than the score indicates. They played hard all the time and played to win.

The series now stands five for Wilmington and three for Washington.

Sunday Wilmington had only three regular team members playing.

Wilmington scored first in the second inning four runs off of one hit. Nesser, first up, drew a pass, stole second. Harper was safe on first on Frohnhoefer's error, Nesser taking third on the fizzle. Hunter drew a base on balls, filling the sacks; Nesser scored when Black made a wild heave to first in an attempt to catch Hunter napping, Harper and Hunter taking third and second.

McBride was safe on Black's error. Corwin singled past third, scoring Harper and Hunter, McBride following across the plate on the throw in comedy and Corwin winding up at third.

Willis hit to Black, who caught Corwin at the plate on an attempted "squeeze." Purcell flied out to center. Fisher was safe at first on Frohnhoefer's error. Reiley grounded out to first for the final out.

Nothing more doing until the seventh, when Fisher, first up, flied out to right. Reiley got to first when Hungeling missed the third strike. Nesser, after two strikes were called on him, was hit by a pitched ball and Harper drew a pass, Hunter singled, scoring Reiley and Nesser. Harper perished at the plate trying to score. McBride grounded out to first, ending the agony.

On rboys were helpless at all stages before "Lefty" Willis of the Columbus Association team. Ten of the Athletics fanned and the whole team only gathered four hits in the afternoon's play.

**THREE MILLION IS MINIMUM IN 2ND DRIVE**  
(City American Press)

Washington, Oct. 1.—The second liberty loan campaign was launched today, and it will continue for four weeks.

To obtain \$3,000,000,000 in subscriptions, the minimum set by treasury officials for the issue, a gigantic machine of many parts was set in motion with the opening of the campaign. Fifty per cent greater than the first liberty loan, the present offering is the largest the American people have ever been called upon to absorb, and to make certain that it will be more than fully subscribed, officials for months past have been perfecting the elaborate sales and publicity mechanism which started today.

Five billion dollars and 10,000,000 subscribers—that is the goal to which officials hope to drive the campaign successfully during the next four weeks. The services of virtually every industry of the nation have been enlisted to bring about this result. Hundreds of thousands of individuals and corporations will unite in giving all or a part of their time in carrying the work forward.

Secretary McAdoo opened the campaign formally with a speech in Cleveland, the first of many he will deliver in a transcontinental tour which will take him into virtually every section of the country and keep him on the road till Oct. 26, the day before the subscription books close.

More than 26,000 banks will co-operate in floating the huge issue. These, working under the guidance of the 12 federal reserve banks, regional headquarters for the loan, will be the treasury's first lieutenants. The entire press of the country, which contributed so largely to the success of the first issue, will work for the success of the second.

**Aid in Floating Issue.**

Chambers of commerce, boards of trade, manufacturers' associations and kindred organizations have pledged their active and unstinted efforts in the campaign. Patriotic societies by the score have been enlisted, as well as school children, church and school organizations, labor unions, fraternal societies and school children.

Boy Scouts, veterans of the last campaign, are planning a heavier drive for the second. Women's organizations from coast to coast have been marshaled under the leadership of a central women's liberty loan committee, headed by Mrs. W. G. McAdoo, and tens of thousands of local committees of both men and women will aid in the chief towns and cities.

The stage and the screen will do their part. Leading theatrical and moving picture stars have been filmed for a special number, which will be displayed in virtually every moving picture theater in the country, while from behind the footlights of vaudeville and other theaters speakers will ent's kitchen, Ross County Infirmary. Report to Sup't. 226 16

**WANTED—Girl for general house** work. No washings. Family of three. Address Mrs. Owen Kneisley, Madison Mills, O. 214 16

**Two Arms---And a Heart**

Mr. Hoover's appeal to the American public to economize in the use of sugar for two months should meet with a ready response. The French people have been on a ration of 21 pounds a year, or one ounce a day. Unless we, who use four and a half times that, give them a little they will be entirely without it until the new supply comes in, about the last of December.

In all her agony France has never uttered one word of complaint, but has bent her back to the burden which Fate imposed upon her. We shudder at the horrors of Lille, and know that they have been duplicated in every part of the occupied area. Yet France complains not. We admire the brilliant victory of the Marne, and the steadfastness of Verdun. And we know that all France has done, the blood she has shed and the agony she has silently endured is a wall of defense that will assure the women and girls of America from the fate of their sisters at Lille. Who are we that we should not help her in her need?

A soldier of France who had been brought from the operating room, when he could speak, said: "I offered everything to France, and all she took was my two arms." Not France, but humanity, civilization, Christianity, took those two arms. Cannot the American people who eat four ounces of sugar a day, eat a little less candy, a little less sugar at the table in order that the daily ration of one ounce may be continued to those who so freely offer humanity everything, and are surprised when it only takes both arms? "Arms and the Man I sing." God helping us, cannot we learn to sing it, too?

—Wall Street Journal.

utilize daily the time between the acts to campaign for the loan.

A central speakers' bureau will send speakers throughout the country to tell the people what liberty bonds are for. Local committees will supply thousands of speakers to campaign in their respective localities.

A campaign for the sale of bonds that will reach every officer and enlisted man in the army and every officer, enlisted man and civilian employee of the marine corps was announced by the war department. The navy department also is preparing a similar campaign.
